

# PHYSICISTS EARN

“Physicists earn good salaries in business and finance. In my team we use physics to predict how the financial markets will change.”

“I might make computer models to help us decide when to buy and sell shares to make good profits. Or I can use statistics to work out the right price for products like insurance policies or the best interest rate for loans.”

**IOP** Institute of Physics

76 Portland Place, London W1B 1NT
